**Correspondence:** Informed council members of the issue with the pump at Ethosource which is working too hard to push sewage up to the sewer plant. Billy Bailey made the recommendation to Fred Ebert (STP Engineer) to have the pump connect to the force main at H building which would cut the distance to half. A quote was gotten from Almeda and Hudak who was onsite working on the Blue Pump Station project. They would immediately complete the work which cut costs because they were already onsite. It was agreed that SBLC and the Borough would split the cost. The cost for the borough is \$4,825.00. Also informed members of potential grants available that Tom Barbine is working on for the Borough of New Morgan. Potential of grant could be substantial but due date is March 15<sup>th</sup>.
